

Money Management Seminars

LifeSkills Studio

We're pleased to offer a series of seminars teaching regular folks how to manage their money. Are you working and want

to make the most of your paycheck? Do you use your credit cards wisely? When you pay your rent, or mortgage, or other bills, do you use the best methods? Would you like to establish a reasonable budget and take advantage of loans? Our seminars will help you!

HOW CAN I START SAVING MONEY?

To learn how to save, you first have to learn how not to spend. Our professionals will work with you to develop a reasonable budget based on your income and expenses. Maybe you don't need to spend \$4.00 each morning on coffee? Saving even the smallest amounts can add up to money in the bank! You can start a saving for a new house, vacation, or car today!

WHY ARE MY CREDIT CARDS SO COSTLY?

Learning how to manage your credit cards might seem like an overwhelming task. It is quite tempting to go shopping and do your buying using credit. Do you pay your bills each month? Are you carrying a balance? Do you pay late fees? Are your interest payments

such that realize that the item that was on sale has now cost you quite a bit more? We can teach you strategies for managing your credit and saving money.

HOW DO I USE AN ATM AND ONLINE BANKING?

ATM cards are a modern convenience that makes banking and managing money easy. Online banking can make bill payments and money transfers a simple task that you

can do right from the comfort of your own home. Our technology seminars can show you how to take advantage of modern technology to help you manage your finances, pay bills, and do your banking.
